SUMMARY

I am a full stack developer specializing in Python, C#, and MEAN. I am a hard-working professional with experience and proven success in both sales and project management. Upon discovering a passion for coding, I leveraged my skills in communication, creativity, and ability to learn through adversity while staying calm under pressure. I honed my programming skills at Coding Dojo. I am searching for the right company and culture to grow with while utilizing my skills and passion.

WORK EXPERIENCE

Financial Adviser | Lakeshore Wealth Strategies | 5/2018 - 1/2019

• Formed personalized strategies for each client

• Networked and grew my own book of business
